- Knowledgeable, experienced, able to understand client's needs and build successful business relationships
- Always happy to help as part of a team
- Native English, advanced German, basic French
- An asset to any flying school.

Helicopter Instructor

In 2010/2011 I trained for JAA CPL(H) and FI(H), and have since then instructed full time at Aeromega, served on the Safety Committee, and undertaken bookings scheduling duties, until December 2013 when I moved to Zug. Aeromega still invite me to work with them where possible.

Helicopter/Flying Biography

I gained my PPL(H) on the pre-governor R22 at Oxford Air Training School in 1989. Since then I have flown extensively round the UK and the rest of the world. Trips have included UK to Berlin in a JetRanger, Portland, ON to Torrance, CA in a group of R22s with Kurt Robinson, UK to Cadiz in Spain by R44 in a party of four helicopters, Samedan (R44) and Courchevel (R22 and R44) Megeve (R44) Altiports back to the UK, and for Linford Christie's BBC Recordbreakers, flying from John O'Groats to Land's End (Round Britain) on three occasions in an R44.

My most ambitious trip was in 1999, when I flew an R44 14000nm through 21 countries via 70 fuel stops from Cambridge, UK to Adelaide, Australia. I have mountain flying experience, in Snowdonia (UK), the French & Swiss Alps, and in the Blue Mountains, near Sydney, Australia.

Helicopter Championships Organisation Committee

I have acted as Chef de la Délégation (appointed by the Helicopter Club of Great Britain), organising and leading a team of 40+ British contestants, judges, and supporters to the World Helicopter Championships to Aigen, Austria. The result included a first ever World Championship win for the British Ladies Team. I have won trophies in various HCGB Championships, acted as Championship Director at a British Helicopter Championships, and represented Great Britain in the USA World Helicopter Championships in an R22.

Training History

FI(H), Flight Instructor Course at Cambridge Helicopters Aeromega (UK). Trained by Head of Training Duncan Bickley. Examination undertaken by Philip Sheldon. 2011. Instructor Refresher Seminar 2014 Swiss pilot School Association.

CPL(H), Commercial Licence (Helicopters) Flying Course at MFH Helicopters (UK) with Mike Horrell. 2011.

Commercial Helicopter Theory under "Interim Arrangements" at CATS Luton (UK) - distance learning. Passed all 9 subjects in 2010.

Night Rating with Mike Smith at Heli Air (UK), 1995.

PPL(H) Conversion from fixed wing course Andy Gutteridge and Mike Smith at OATS (UK), 1989.
